Portola Valley & Woodside SOD-BLITZ FALL RESULTS WORKSHOP 2018 SUDDEN OAK DEATH / PHYTOPHTHORA RAMORUM

7:00 PM on TUESDAY, OCTOBER 16, 2018
Portola Valley Town Center - Community Hall
765 Portola Road, Portola Valley

Speaker: Dr. Matteo Garbelotto
UC Berkeley Forest Pathology and Mycology Lab
www.sodblitz.org

Workshop Program

At this meeting, local and Statewide results of the 2018 Sudden Oak Death survey, the "SOD Blitz," will be made public. This information will allow homeowners to identify new areas at risk and to learn from SOD expert Dr. Matteo Garbelotto how to protect oaks from SOD and other threats including drought. The SOD Blitzes are volunteer-run surveys to monitor SOD distribution in California and represent the first and oldest example in the world of how citizens and scientists can join forces to fight a formidable threat to native trees.

For more information, please contact:
Brandi de Garmeaux, Town of Portola Valley
851-1700 x222, brandi@portolavalley.net

Kevin Bryant, Town of Woodside
851-6790, kbryant@woodsidetown.org
