

January 2020

RESILIENT PORTOLA VALLEY

Monthly Tips from the Emergency Preparedness Committee

Let's make 2020 our year to be ready.

Be Ready Today [WPV-Ready](#)

Start with the [Basics of Personal and Neighborhood Emergency Preparedness](#) for personal, family, and home readiness, a short one-evening class for everyone. Every resident has a personal responsibility to know how to prepare for and respond to an emergency. Let's all make sure we know ours. [Sign up today!](#) Next class: Feb. 13, 2020.

Want to learn how to harden your home and property to better withstand a wildfire or how emergency communications work? See the [terrific classes](#) at [WPV-Ready.org](#).

Classes are offered throughout the year and taught by Woodside Fire and trained residents of the fire district. For more information: Selena Brown (sbrown@woodsidefire.org), Public Education Officer and Emergency Preparedness Coordinator.
