Hello,

I'm not sure of the rules for public comment on a closed session topic, but I wanted to submit information I hope the town council is aware of: Due to Carol Borck's departure with no replacement, building department activities have ground to a halt. As someone who is both a resident in the town and an architect trying to operate a business in the town, I find this very concerning. My clients - PV residents - I'm working with do as well. I visited the town in person today hoping to speak with someone who might be able to help me check in on permit comment responses, but that is obviously not possible at this time. We have no way to submit building permits, receive permit comments, etc. I think this falls within the purview of the town manager and I hope he is doing all he can to get this resolved expeditiously. Thank you.
