Town finances and FY25 budget?

10. Comment

When an interim preliminary FY2025 budget was approved by the PV Town Council on June 12, wasn't a commitment made to resubmit by September revised budget with a reduced deficit?

At this point, the 9/19/24 Finance Committee meeting has been cancelled, and the just-released agenda for the upcoming 9/25/24 meeting of the Town Council contains no entry for budget review. Meanwhile funds are being expended on the basis of the June budget. What has happened to the promised review/revision?

10. Comment

I'm in favor of joining the other 16 communities in SMC to move forward with adopting the County of San Mateo's Disposable Food Service Ware Ordinance (No. 2021-31) and begin to reduce Portola Valley's plastic use. Everyday there are new reports on the dangers of plastic in our environment, microplastics in our food and water, and increased risk to our climate from dependence on petroleum products. Every little step helps.
